Quality could have been way better. Definitely not one of my favorite things.1 of 1 people found the following review helpful. Love the size of this coloring bookBy Reta E. LingLove the size of this coloring book. Perfect for tossing in the purse. Images are cute and quaint. Like that the pages are one sided. But the quality of the image is fuzzy, making the tiny details impossible. Printing could have been crisper!0 of 0 people found the following review helpful. Five StarsBy C amp;amp; D KingExcellent

A "Purse Sized" coloring book. Take it with you everywhere you go! When you are feeling sad, bad or moody, you know you just need to remember your favorite things! So keep this little book with you, it will cheer you up! You will not find any cheap digital stock art in this book like so many other coloring books. Each picture is carefully hand drawn by Sarah Janisse Brown. Great for markers! Many pages are one-sided so you can use your markers! It's a wonderful time to think of your favorite things and color them too!
